## CALCULATION OF THE PREFERENT POINT SYSTEM

### 52. The 80/20 or 90/10 Preference Point System

#### Preference point systems

(a) The 80/20 preference point system is applicable to bids\* with a Rand value equal to, or above R30 000 and up to a Rand value of R50 million (all applicable taxes included). Institutions may apply the 80/20 preference point system to price quotations with a value less than R30 000 if and when appropriate.

(b) The 90/10 preference point system is applicable to bids with a Rand value above R50 million (all applicable taxes included).

#### (c) Calculation of points for price

The PPPFA prescribes that the lowest acceptable bid will score 80 or 90 points for price. Bidders that quoted higher prices will score lower points for price on a pro-rata basis.

The formulae to be utilised in calculating points scored for price are as follows:

*80/20 Preference point system [(for acquisition of services, works or goods up to a Rand value of R50 000 000.00) (all applicable taxes included)]*

$$P_s = 80 \left( 1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

$P_s$  = Points scored for comparative price of bid or offer under consideration

$P_t$  = Comparative price of bid or offer under consideration

$P_{min}$  = Comparative price of lowest acceptable bid or offer.

**Preference point system [(for acquisition of services, works or goods with a Rand value above R50 million) (all applicable taxes included)]**

$$P_s = 90(1 - \frac{P_t - P_{min}}{P_{min}})$$

Where

$P_s$  = Points scored for comparative price of bid or offer under consideration

$P_t$  = Comparative price of bid or offer under consideration

$P_{min}$  = Comparative price of lowest acceptable bid or offer.

Points scored must be rounded off to the nearest 2 decimal places.

**(d) Calculation of points for B-BBEE status level of contributor**

Points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	6	14
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

A bid must not be disqualified from the bidding process if the bidder does not submit a certificate substantiating the B-BBEE status level of contribution or is a non-compliant contributor. Such a bidder will score zero (0) out of a maximum of 10 or 20 points respectively for B-BBEE

**(e) Calculation of total points scored for price and B-BBEE status level of contribution**

The points scored for price must be added to the points scored for B-BBEE status level of contribution to obtain the bidder's total points scored out of 100.

**(f) Evaluation of bids that scored equal points**

- (i) In the event that two or more bids have scored equal total points, the successful bid must be the one that scored the highest points for B-BBEE.
- (ii) If two or more bids have equal points, including equal preference points for BBBEE, the successful bid must be the one scoring the highest score for functionality, if functionality is part of the evaluation process.
- (iii) In the event that two or more bids are equal in all respects, the award must be decided by the drawing of lots.

**53. Cancellation and re-invitation of bids**

(1)

- (a) In the application of the 80/20 preference point system, if all bids received exceed R50 000 000, the bid must be cancelled. If one or more of the acceptable bid(s) received are within the R50 000 000 threshold, all bids received must be evaluated on the 80/20 preference point system.
- (b) In the application of the 90/10 preference point system, if all bids received are equal to or below R50 000 000, the bid must be cancelled. If one or more of the acceptable bid(s) received are above the R50 000 000

threshold, all bids received must be evaluated on the 90/10 preference point system.

- (c) If a bid was cancelled in terms of paragraph (a) or (b), the correct preference point system must be stipulated in the bid documents of the re-invited bid.
- (2) A municipality may, prior to the award of a bid, cancel the bid if:
- (a) Due to changed circumstances, there is no longer a need for the services, works or goods requested. [AOs / AAs must ensure that only goods, services or works that are required to fulfill the needs of the institution are procured]; or
  - (b) Funds are no longer available to cover the total envisaged expenditure. [AO has to ensure that the budgetary provisions exist]; or
  - (c) No acceptable bids are received. [If all bids received are rejected, the institution must review the reasons justifying the rejection and consider making revisions to the specific conditions of contract, design and specifications, scope of the contract, or a combination of these, before inviting new bids].
  - (d) There is a material irregularity in the tender process
- (3) The decision to cancel a tender in terms of subsections must be published in the media in which the original tender was advertised.
- (4) An organ of state may only with the prior approval of the relevant Treasury cancel a tender invitation for the second time.
- (5) In terms of CIDB clause F.1.5.2 The employer may not subsequent to the cancellation or abandonment of a tender process or the rejection of all responsive tender offers re-issue a tender covering substantially the same

scope of work within a period of six months unless only one tender was received and such tender was returned unopened to the tenderer.

#### **54. Award of contracts**

- (a) A contract must be awarded to the bidder who scored the highest total number of points in terms of the preference point systems.
- (b) In exceptional circumstances a contract may, on reasonable and justifiable grounds, be awarded to a bidder that did not score the highest number of points. The reasons for such a decision must be approved and recorded for audit purposes and must be defensible in a court of law.
- (c) Contracts may be expanded or varied by not more than 20% for construction related goods, services and infrastructure projects and 15% for all other goods or services of the original value of contract. Anything above the above mentioned thresholds must be reported to council. Any expansion or variation in excess of these thresholds must be dealt with in terms of the provisions of Section 116(3) of the MFMA which would be regarded as an amendment to the contract.
- (d) MFMA Circular 49 issued in 2009 and Section 65 (2) (e) of the Municipal Finance Management Act of 2003 states "that all monies owing by the municipality be paid within 30 days of receiving the relevant invoice or statement, unless prescribed otherwise for certain categories of expenditure."
